BEYOND THE ITINERARY

01 — WHO WE ARE

A Different Kind of Partner.

Itinesia is an Indonesia-based boutique Destination Management Company operated by PT Itinesia Global Destinations. We specialize in creating and executing customized travel programs for B2B partners — travel agencies, tour operators, and corporate clients across Malaysia and Singapore.

Unlike large DMCs with multiple communication layers, we operate with a flat, senior management structure — ensuring direct access, faster decisions, and zero communication gaps from first inquiry to final debrief. Every program receives hands-on oversight and consistent quality control throughout.
